

General Audience:

Chamber of Industry and Commerce, Government & Regulators, IT Managers/IT Technicians/IT engineers, Tertiary level Students, Elderly, End Users

Overview

The IGF will be held under the theme, "The Impact of Digital Transformation in St. Vincent and the Grenadines". The purpose of the IGF is to bring together multi-stakeholder groups and individuals to discuss and share best practices on Internet Governance issues. The Forum will also promote a common understanding of how to maximize Internet opportunities and address different types of challenges that arise, in a bottom-up, multi-stakeholder, open, and transparent manner.
